**APPLICATION FOR CONVERSION OF NATURE OF TEST FROM  
CONFIDENTIAL TO COMMERCIAL**

**(To be submitted in duplicate duly filled in and typed)**

**1 Details of Machine Submitted:**

Make :

Model :

Type :

Brand name, if any :

Indian trade name, if any :

Country of origin :

Serial No. :

Submitted vide Application No. & dated :

Nature of test : Confidential

**2 Complete address of the manufacturing Plant**

FAX/Telephone Nos. :

Email/ Website :

**3. Complete address of the Assembling Plant**

Fax/Telephone Numbers :

Email/ Website :

**4. Production plan for next three years**

2012 -13 :

Name of the Manufacturer/Applicant	Document No, if any Revision status	Name of the Test Agency: CFMTTI, Budni
Signature : Name : Designation : Date :	Make : Model : Sheet No. _____ of _____	Signature : Name : <b>P. K. Verma</b> Designation : <b>S.A.E.</b> Date :

2013-14 :

2014-15 :

5 **Details about infrastructure available for after sales/service** (State & District wise Dealer network, facility, manpower deployed & their level) [Attach Separate sheet]:

6 Does the machine possess CMVR certificate as per relevant rules issued by authorized testing agency :

7 Whether the applicant has undertaken to submit Conformity of Production (COP) Certificate as applicable on the production volume? (Copy of undertaking should be enclosed) :

8 Whether conversion charges advance is remitted (if yes, specify the details of remittance) :

Conversion Fee S. T. + CESS (@ 12.36%)

Amount :

Drawn on (Name of Bank and Branch) :

Drawee Bank (Name of Bank and Branch) :

Draft No. :

Date :

### **UNDERTAKING CERTIFICATE**

Name of the Machine :

Make and Model of machine :

Brand name if any :

(a) The specification of the machine submitted for test should conform to the production model which the manufacturer proposes to introduce. The manufacturer should certify that the prototype submitted for test will be manufactured under the Licence/DGTD registration granted to the unit.

(b) The manufacturer/Applicant has to submit sample of above said machine for batch test after a period of three years or as advised by the Farm Machinery Training & Testing Institutes/Department.
